

AMATEUR RACES FOR EXPO TRACK

Two Day Auto Matinee Has Been Arranged by Arno Tremann and Fremont Klove.

MANY FAST MACHINES ENTERED

Events Will Be Held Saturday and Sunday Afternoon—"Mysterious Lady" Taken Part.

The first amateur auto race meet in the tri-cities will be staged at the Exposition park track Saturday and Sunday afternoon. The card is promoted by Arno Tremann and Fremont Klove, both of Rock Island. A score of entries have been received to date and some interesting events are in store for speed fans of the city. Only tri-city drivers and cars are eligible to enter.

Those in charge are now working on the program, which will be completed in a few days. Over \$500 will be given out in prizes. On each day the first race will be run off at 2:30 sharp. All of the racing cars in the tri-cities have been entered and there is much rivalry between the drivers. William Gabel, who won the race at the Patterson exhibition last Sunday, is looked upon as a contender in the events in which he is entered. Dave Thomas of Moline is also entered.

A 20-piece band has been secured to furnish music at each day's program. A young lady, who resides in the tri-cities has entered a car which she will drive. She has asked the promoters to keep her name secret and she will be known as the "mysterious lady." Fans will watch the performance of Leo Schuman's "Lady Bug" racer. The young man constructed this car himself. Stock car races also have been entered. The list of entries, the car, owner and driver given in order named, follows:

- Rock Island Cars.
1. Overland, Pete Johnson, Wallace Holtzworth.
 2. Baxton, John Dee, C. Grable.
 3. Chalmers Special, Arno Tremann, Arno Tremann.

SAY THEY WERE BLED FOR ATTORNEY'S FEES

That the Triumphs, raided by the Rock Island county sheriff's force some weeks ago while selling intoxicants on their houseboat on the Illinois shore, were forced to dig up \$300 as attorney's fees is the statement they have given out to the police of Muscatine. They appeared in county court, plead

ALSCHULER NAMED FEDERAL JUDGE IN GROSSCUP'S PLACE

Hon. Samuel Alschuler.

Washington, Aug. 17.—President Wilson today appointed Samuel Alschuler of Illinois a judge of the United States Seventh circuit to succeed Judge Grosscup, resigned.

Springfield, Ill., Aug. 17.—Governor Dunne declined to comment on the appointment today of Samuel Alschuler of Aurora as judge of the Seventh United States circuit court. Judge Alschuler is chairman of the waterways commission. Governor Dunne was asked whether he expected Alschuler to resign.

"I wouldn't care to talk about that yet," said the governor.

guilty and paid \$25 fine, being without legal advice, so far as officials here are aware. The Triumphs houseboat has been taken away from Muscatine and is now again moored on the Illinois side below that city. Authorities are keeping a close watch upon it.

WATER CIRCUS TO BE HERE SUNDAY

Rice & Dore's Novel Exhibition to Be Staged on Rock Island River Front Next Sunday.

The Rice & Dore's Water Shows, coming to Rock Island, foot of Seventh street, next Sunday, is the latest and newest amusement enterprise for out-door enjoyment. For several years this novel and interesting aquatic exhibition has been seen in most of the principal cities. That it has had no copyists or followers is evidenced by its standing alone in its own realm. For the intricate patented mechanical appliances necessary to its success and production have prevented the average showman from cheerfully appropriating any of the ideas or items, the expense being prohibitive even if they were disposed to pirate the novel equipment. The exhibition includes daring high divers, log rollers, fancy duck swimming, acrobatic water feats and the water clowns who have invented many appealing and funny displays that add zest to even an otherwise plain water program. The aquatic story of "Neptune's Daughter" is given in a 42-foot circus ring, and this water pantomime is so new, attractive and interesting it is claimed that pleased patrons and auditors are not only fond in their praise of the skillful merit of the water performers, but invariably they are the first to again be present at the next exhibition, seeming to not only enjoy such a novel show at every opportunity, but to try and discover when and where the expert diving "mermaids" disappear beneath the "deep blue sea" and their return to earth with old Father Neptune from his watery home.

Special Assessment Notice. State of Illinois, Rock Island county, ss: In the county court of said county. To the August term, A. D. 1915. WARRANT NO. 308. Notice is hereby given to all persons interested, that the board of local improvements of the city of Rock Island, Ill., has filed in the county court of Rock Island a certificate of the cost of the improvement entitled in said court, "In Re Petition of the city of Rock Island to assess the cost of laying a watermain on Ninth and one-half and Tenth streets from Eighteenth to Twentieth avenues," and said certificate also shows the court costs, the amount of accrued interest, and the total amount of said assessment, and said certificate also states that the said improvement conforms substantially to the requirements of the original ordinance for the construction of the same as required by law and that final hearing on said certificate will be had on the 30th day of August, A. D. 1915, at 9 o'clock a. m., or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day and may appear at the hearing and make their defense.

Dated this 14th day of August, A. D. 1915.

WILLIAM McCONOCHIE, President.

AVIATOR ON BILL AT JOSLIN FAIR

Association Arranges for First Stunt of This Kind That Has Been Undertaken.

SOLBRIG APPEARS ON TWO DAYS

Auto Races, as Well as Horse Races, Arranged for—Secretary Has Many Entries.

An aviation exhibition will be given as one of the attractions at the Joslin fair next week. O. A. Solbrig, who appeared here Sunday, has been engaged to put on a stunt Thursday and Friday. He guarantees that the figure will be made before 4 o'clock each day so that all may see them.

This is the first time in the history of the association that an attempt has been made to stage such a big feature. The association, however, is determined to put on a real fair, and the future of the organization depends largely upon the appreciation which is shown in efforts this year.

Thursday will be Rock Island and Moline day and the Burlington road will run a special train.

The fair will open on Wednesday of next week continuing through Friday. The Burlington special will leave Rock Island at 9:30 a. m., running on the following schedule: Moline, 9:45; East Moline, 9:55; Baretow, 10:10; Osborn, 10:20; arrive at Joslin, 10:30. The train will leave Joslin on the return trip at 5:45.

Thursday will also be Erie and Port Byron day. The baseball teams from these places will stage a contest beginning at 10 o'clock in order to provide amusement for those who do not wish to watch the stock judging. It is expected to finish the ball game and aeroplanes flight in time for picnic luncheon.

Two hours promises to attend the fair to the extent of the transportation facilities. All the places of business will be closed and the business men have engaged the Port Byron band to accompany its delegation.

Auto Race for Thriller.

One of the extra features which has been added is a Ford auto race. This will be staged as the last event Friday afternoon. Only stock cars will be permitted to enter the race, which will be for a distance of ten miles. There are some veritable Barney Oldfields among the Ford drivers in this section, and it is expected that this race will be a thriller.

The cars which will be stripped of top, windshield and lamps so if there are any collisions there will be no glass or other unnecessary impediments to add to the general calamity.

Secretary J. E. Wainwright is being swamped with entries in all the live stock attractions. All available space for stock has been reserved and more room is being added to provide for all who care to exhibit.

All buildings at the fair grounds have been repaired this summer and they present a more pleasant appearance than in the past.

The race course is now being worked down and it promises to be in better condition than heretofore. Some good horses have been entered for the speed ring events and good sport is assured the lovers of horse racing. There will be trotting, pacing and running events, a sufficient number in all to make a lively program for each afternoon of the fair.

INJURIES PROVE TO BE OF SERIOUS NATURE

The condition of Mrs. A. E. Wrixon, wife of T. A. Wrixon, 1714 1/2 Second avenue, continues to improve, according to Dr. Joseph DeSilva, who is attending her. Mrs. Wrixon was injured Saturday noon near Hillside, when the doctor's car turned turtle after a collision with another machine. Mrs. Wrixon is suffering from concussion of the spine and probable internal injuries. Dr. Wrixon was badly shaken up in the mishap and was confined to his home.

According to Dr. Wrixon the party had a miraculous escape from death. Their machine rolled down a 15-foot embankment and then righted itself. Mrs. Wrixon was pinned under the car.
